

Choosing medical malpractice insurance couldn't be easier.

Looking for fast, easy, and affordable medical malpractice insurance? Your search stops here. Berxi offers top rated insurance at a direct-to-consumer price. Along with a great price, our customer service and claims teams are dedicated to helping you when it matters most. And, we're part of **Berkshire Hathaway Specialty Insurance** with superior financial strength, so you can count on us being around for the long haul.

We're here whenever you need us.

Our digital platform offers 24/7 access. Purchasing a policy takes just a few minutes, and once you're a customer, you can easily manage your account online. You can even print documents such as a Certificate of Insurance right at home.

Need to talk to someone? Our customer service team is available by phone or online chat at **berxi.com**, Monday—Friday, 8 a.m. to 8 p.m.

Coverage that's hard to beat.

Good insurance doesn't have to be complicated. We've created a policy that's easy to obtain, understand and that provides insurance you can count on as a healthcare professional. Features include:

- · No deductibles, so no unnecessary out-of-pocket expenses.
- Defense costs are provided in addition to the policy's limits, meaning defense cost payment won't reduce the limit available to pay for a judgment or settlement.

Coverage extensions, such as:

- Reputation protection: Up to \$50,000 per covered claim to assist with reputation management.
- · Licensing board: Up to \$25,000 per covered claim if your licensing board initiates action against you.
- Wage loss/deposition expenses: Up to \$1,000 per day in actual lost wages if you must attend a legal proceeding at our request to defend a claim against you.
- HIPAA: Up to \$25,000 to defend against a HIPAA proceeding.

(And payment under such extensions won't reduce your available limits of insurance.)

Good Samaritan coverage is included under the policy if you provide emergency first aid outside of your practice.

Travel safely—and with peace of mind. Our policy applies to your worldwide exposure for claims filed in the United States.

In most states, we offer a range of limit options to meet a wide range of needs.

Coverage that saves...big.

Customers typically save up to 20% (and in some cases even more) over competitors' prices. How do we do it? We're a direct writer, which means we don't use brokers or middlemen, so there are no extra fees or commissions, and we pass the savings on to you.
